

SAIR Best *Innovative Practice* Scoring Rubric

Institution:

Website URL:

Rating scale: Poor (1) - Excellent (6)

General description: Given for an outstanding assessment program, workflow, or other team process that has led to increased efficiencies and/or improved outcomes.

<i>Please rate each category below as a whole, taking the individual questions within each item as potential aspects to consider in your overall assessment for that category.</i>	Rating (Poor 1 - Excellent 6)
<p><u>Design:</u> Is the general organization of the practice coherent? Does the practice show evidence of collaborative planning across one or more units? Is the entry easily navigated, well organized, and searchable? Does the proposal provide a clear overview of the problem the practice is attempting to solve and the means the practice goes about solving that problem?</p>	
<p><u>Content:</u> Does it accomplish its mission/purpose? Is the process understandable and sensible from the perspective of multiple audiences? Is the entry easily navigable and searchable? Are connections evident to other areas related to institutional research (i.e., accreditation, assessment, institutional effectiveness)?</p>	
<p><u>Creativity:</u> Does the process use new approaches or ideas to address the business need? Does the entry address an institutional need in a new, creative, or novel way? Does the practice effectively tackle a common challenge in a new or different manner? Is the practice presented in ways that help draw the visitor through the entry in a logical manner?</p>	
<p><u>Data Quality and Approach:</u> Is the entry useful? If you were a stakeholder in this process, would you find the process useful in supporting the host institution? Does the process lead to the collection or development of enough high-quality data to fulfill the business need?</p>	
<p><u>Overall Quality:</u> An assessment of the entry taken as a whole (not necessarily an average of the above scores)</p>
